Gentlemen:

The cost of collect long distance calls for my loved one cost me from \$6.35 to \$8.75 just to put money on the account to call me. It depends on if I put the money on the account by phone or use the internet. The Carrier/Provider will charge a fee to put money on the account and a fee for using a credit/debit card. So there are two separate fees. The cost of the calls will range from \$8.25 in the state, and up to \$17.00 for them to call out of state. So families and friends are charged various fees in addition to the cost of the call itself.

It is very important to maintain family connections with our incarcerated family and friends; the visiting days are limited and some of us travel a long distance to visit. Some people are never able to visit because of distance, limited financial resources, not able to drive or get someone to take them.

I am asking for your understanding of how hard this is on me and other families. This has been going on since my loved one has been incarcerated. It is a financial a hardship on me.

Sincerely,

Wanda Maxwell

So there are two separate fees. The cost of the calls will range from \$8.25 in the state, and up to \$17.00 for them to call out of state. So families and friends are charged various fees in addition to the cost of the call itself.

It is very important to maintain family connections with our incarcerated family and friends; the visiting days are limited and some of us travel a long distance to visit. Some people are never able to visit because of distance, limited financial resources, not able to drive or get someone to take them.

I am asking for your understanding of how hard this is on me and other families. This has been going on since my loved one has been incarcerated. It is a financial a hardship on me.

The cost of collect long distance calls for my loved one cost me from \$6.35 to \$8.75 just to put money on the account to call me. It depends on if I put the money on the account by phone or use the internet. The Carrier/Provider will charge a fee to put money on the account and a fee for using a credit/debit card. So there are two separate fees. The cost of the calls will range from \$8.25 in the state, and up to \$17.00 for them to call out of state.
